The terms "resume virtue" and "eulogy virtue" were popularized by the author David Brooks in his book "The Road to Character." These concepts are used to distinguish between two different types of virtues or qualities that individuals may possess.

## 1. **Resume Virtues:**

Resume virtues are the skills and qualities that contribute to external success and are often highlighted on a traditional resume. They are the attributes that help individuals succeed in the professional or academic realm. Here are 20 examples of resume virtues:

- Leadership
- Time management
- Communication skills
- Technical proficiency
- Project management
- Problem-solving
- Analytical thinking
- Decision-making

- Networking
- Sales skills
- Marketing skills
- Negotiation skills
- Team collaboration
- Goal-setting
- Strategic planning
- Adaptability
- Financial acumen
- Research skills
- Customer service
- Innovation

## 2. **Eulogy Virtues:**

Eulogy virtues, on the other hand, are the deeper, more meaningful qualities that people value and remember about an individual. They are the virtues that define one's character and are often spoken about at a eulogy after someone has passed away. Here are 20 examples of eulogy virtues:

- Compassion
- Integrity
- Empathy
- Generosity
- Kindness
- Humility
- Patience
- Gratitude
- Love
- Forgiveness

- Wisdom
- Honesty
- Loyalty
- Courage
- Altruism
- Authenticity
- Resilience
- Serenity
- Open-mindedness
- Humor

While both types of virtues are valuable, Brooks suggests that focusing on eulogy virtues is essential for building a character that leads to a more fulfilling and meaningful life. Balancing both sets of virtues is often seen as the key to achieving success while maintaining a sense of purpose and authenticity.
